

WAAugust. Is. Back!

The state-wide, 31-day celebration of WA Wine returns this summer for our third year! Building off the momentum of last year, this year's Washington Wine Month celebration is gearing up to be our biggest yet. It's all about power in numbers.

To recap, WAAugust brings the energy of a summer music festival to wineries, tasting rooms, restaurants, growing regions, grocery stores and backyards across the state. WAAugust does more than tell people to celebrate Washington Wine—it invites them to celebrate because it feels like a celebration: A 31-day state-wide party celebrating the amazing wine that made our state famous.

August is a special time in Washington. WAAugust bottles this summer feeling, pairs it with Washington Wine, and serves as an official invitation to seek out WA Wine Month events and participate any way you please. Whether you take a road trip to a new winery, or pack WA wine in the cooler for your camping trip, there's no wrong way to WAAugust.

WAAugust is for everyone—attracting wine loyalists as well as a younger demographic that's ready to taste, and experience, something new. As the event grows, our focus is on attracting visitors from outside the state.

As always, the success of this state-wide wine festival depends on the support of everyone across the state. We're outfitting you with this toolkit to help us make this year's WAAugust celebration our biggest yet. But don't let this toolkit limit your imagination. You're encouraged to celebrate WAAugust in your own unique way that best serves you and your customers. Let's GO!!!

Ready to get started?

We've built this toolkit to help you out. You'll find all the creative assets you need to print materials for display, customize your own images to share, and more.
